

Learning Links

➤ **ASL:**

This is a site created by Joey Baer, a Deaf man who has catalogued hundreds of vlogs (video-blogs) into one directory. There are a huge range of topics all discussed in American Sign Language. Just click, watch and enjoy. There is even a category specifically for parents of deaf children. *Be cautioned: not all topics are appropriate for young children, monitor what your child looks at.*

<http://www.aslvlog.net/>

➤ **Reading:**

○ **For Parents:**

Have a question about young kids and reading? This website has hundreds of research based articles on reading. With topics from learning problems to good books, this site is worth a look!

<http://www.readingrockets.org/>

○ **The 15 principles for reading to Deaf Children (Dave Schleper- Clerc Center)**

➤ **Math games:**

<http://resources.kaboose.com/games/math1.html>

<http://eduplace.com/kids/hmm/>

<http://www.apples4theteacher.com/clocks.html>

➤ **Games with Various topics:**

<http://www.sheppardsoftware.com/>

<http://www.funbrain.com/kidscenter.html>

➤ **Social Studies:**

This is a great site! Kids can practice memorizing the 50 states, capitals, continents and more!

<http://kids.nationalgeographic.com/kids/>

➤ **Science:**

If you want something fun to do with your child this summer, why not plant a garden? Follow the easy directions on this site to start one. This would be a great way to foster vocabulary acquisition with your child in an area everyone loves: food!

➤ **Website with resources appropriate for Deaf learners:**

The American Library Association has a lot of good websites for kids, including Deaf learners:
