School for the Deaf

**Family
Infant Toddler
Program**

Central Washington

Discover a new world of communication and learning with your child.

Washington School for the Deaf Family Infant Toddler Program is designed to strengthen family communication and encourage the development of language and social skills at an early age.

A Parent Infant Specialist combines fun with learning in a supportive environment for you and your family.

Share and socialize with other parents who are experiencing the same communication challenges with their deaf and hard of hearing children.

Services Provided by Teacher of the Deaf/Hard of Hearing Parent Infant Specialist

- Support regarding hearing aid use
- Help with understanding the audiogram and what your child hears
- Education about the array of communication methods and assistance with your decision about what might work best with your child
- Strategies to promote language, auditory, and speech development.
- Share or refer you to helpful resources
- Help in setting appropriate goals
- Coordination with other service providers in order to maintain consistency of services.
- Help to prepare for transition into the school system

“Family Infant Toddler Program has completely changed our lives by showing us that we are capable of accomplishing anything.

Our children are communicating with their sister, we are learning together and growing as a family.”

Jawni & Lamarr
Mother and Father
of Breacia, age 20 months
